Q5

Yes

Does your state have any updates or upcoming initiatives to share with regulators?

Q6

If you answered yes to the previous question, please provide any updates you would like to share. This could include: proposed or actual changes to policies, procedures, or laws that affect regulated schools; SARA or other state authorization-related updates; any other information you wish to include. The information will be compiled as a resource for all NASASPS members and shared at the 2024 Fall Workshop. If you need more space or have questions, please email tora.stubberud@nasasps.org.

There are new regulations regarding records on closed institutions. CPSCR now requires that upon closure, the school provide the state with a copy of all transcripts. Previously, it was requested that transcripts be provided to CPSCR.

Q7

Yes, I am attending and will provide my state's update.

If you plan to attend the 2024 Fall Workshop, are you available to provide a 2-minute update from your state during the State Updates session on Wednesday, September 18?

Q8

Please provide 3-5 topics you would like to hear discussed during the Listserv Live sessions at this year's workshop.

Chevron's overturning - will these influence regulations versus statute changes from states?

CDL Program Integrity standards - create a task group to develop best practices for states without formal standards to assist in approvals.

Upcoming Changes:

1. Definition of Physical Presence in Georgia Policy- November 2024
2. Updates to the Change of Ownership requirements under review- we want to collect more information on the new ownership organizational structure, new owners' contact information, and new owners' financials (same-day balance sheet).
3. Student Outcome Data Reporting from Unaccredited Institutions- We've collected the data for years, and we'd like to devise a plan for analysis, interpretation, and communication.
4. Accelerated Initial Authorization Applications for educational programs designed to meet high-demand workforce needs in our state.

New Implementations:

1. Required attendance at renewal training for first-time renewal applicants and institutions we've identified as experiencing administrative challenges + assessment of missed attendance fine (fine beginning in December).
2. Initial authorization applications are required to be completed within one year of starting.
 - a. Enforcing a three-month inactivity policy that removes initial applications from our Edvera application system if the institutional representatives have not made any of the required changes to the application and resubmitted for review (reminders and warnings are sent to the institutional contact).

Q7

Kirk Shook or Maggie Rivers

Q8

Please provide 3-5 topics you would like to hear discussed during the Listserv Live sessions at this year's workshop.

- 1- During a change of ownership process, do you require the previous owner to surrender student records or do you allow new owner to take custody of the records?
 - 2- Does your state allow schools to partner directly with private lenders? If so, are there any required provisions that the contract is deemed invalid if the institution fails to deliver in its educational obligations to students?
 - 3- Does your state utilize accelerated applications for certain institutions? What are the criteria?
 - 4- Does your state utilize a third-party transcript fulfillment service for closed school records?
-

Final Legislation N.J.S.A. 18A:3B-53.1 through 53.10; P.L.2023, c.115 Supporting Financial Stability and Operational Accountability of Public Institutions of Higher Education Legislation requires public institutions of higher education to submit annual fiscal monitoring reports and undergo a comprehensive audit in addition to submitting annual audits, and authorizes the Secretary of Higher Education to appoint a State monitor who shall provide direct oversight of a public institution of higher education's fiscal and governance operations if the fiscal monitoring report or comprehensive audit of the institution includes a finding of financial instability, the institution receives an adverse or disclaimer opinion in its annual audit, or if any two of following criteria are met: The institution ends the fiscal year with a deficit balance in certain funds; the institution fails to develop and implement a plan to address a deficit balance in certain funds; the institution receives a qualified opinion in its annual audit or fiscal monitoring report; the institution receives an adverse, disclaimer, or qualified opinion under a single audit section in its annual audit or the fiscal monitoring report; the institution receives any audit findings identified as material weaknesses in internal controls in the annual audit; the institution fails to implement a plan from the prior fiscal year which causes any findings from the independent auditor to be repeated; the institution fails to submit the annual audit or the fiscal monitoring report; or the institution fails to comply with the timely training of governing board members. The legislation also requires higher education chief financial officers complete training.

Approved July 20, 2023

Proposed Regulations are currently in Public Comment period. <https://lis.njleg.state.nj.us/nxt/gateway.dll?f=templates&fn=default.htm&vid=Publish:10.1048/Enu>

Final Legislation on Quality Metrics for Degree-Granting and Nondegree-Granting Schools N.J.Stat.§18A:3B-45.1 requires the Secretary of Higher Education and the Department of Labor and Workforce Development to establish certain quality metrics for all institutions based on the ratio of tuition and fees to average earnings of New Jersey workers employed in the occupation for which the program prepares students. Schools that fail to meet the minimum standard will have their program terminated and/or the school license revoked. The bill also requires private career schools to submit quarterly reports on tuition and fees and student records. Both of the agencies will be obligated to establish the performance standard within 12 months of the date the bill was enacted. The legislation took effect on July 29, 2022. Public comment on proposed rules ended in December 2023..

New Jersey Career Accelerator Internship Grant Program

One hundred thirty-three (133) New Jersey-based employers have received grants through the Career Accelerator Internship Grant Program ("Career Accelerator") to provide 574 paid summer internships to New Jersey college students, including those who currently attend or graduated from an in-state college or university in the last 12 months or are New Jersey residents attending a college out-of-state. The grants are supporting students and graduates with opportunities that pay \$20 per hour and require a commitment of 150-200 hours over a 10-week summer period. This summer marks the third year in which the Office of the Secretary of Higher Education (OSHE) has administered and coordinated Career Accelerator. . Supported by \$2.4 million from the New Jersey Department of Labor and Workforce Development, OSHE has grown the number of internship opportunities for the summer 2024 cohort by 23 percent over last year. To ensure students gain valuable skills, participating employers must provide a structured learning experience by assigning interns a designated supervisor who provides feedback aligned to learning objectives and goals. Additionally, this year, Career Accelerator-sponsored interns are receiving six months of free access to LinkedIn Learning.

Credit for Prior Learning Online Resources and Professional Development

The New Jersey Office of the Secretary of Higher Education (OSHE)—in collaboration with Vantage Point Consulting and the American Council on Education (ACE)—is pleased to launch the Credit for Prior Learning Community of Practice on the ACE Engage platform. This online space serves as a professional development hub that includes micro-courses, webinars, workshops, facilitated discussion forums, and office hours with ACE faculty experts. Our aim is that institutions utilize this space to engage with the ACE experts and, more importantly, with each other, to support the "Some College, No Degree" student population persist to completion.

Nevada is eliminating the requirement for preapproving advertisements as our administrative code provides prohibitions in advertising.

In the 2023 legislative session, Nevada created a Boards and Commissions division under Business and Industry. This would move CPE to a new division in 2025.

CPE is researching increasing the minimum student indemnification fund amount for closures without surety and considering financial triggers that would require institutions to post surety who were previously exempt from the requirement. We are also considering revising the financial requirements for initial licensing.

The Missouri Department of Higher Education and Workforce Development has been collaborating and establishing interagency partnerships with the Federal Motor Carrier Safety Administration (FMSCA) in addressing the noncompliance of Missouri training providers on the FMSCA's Training Provider Registry. In April 2024, our office started coordinating a project to ensure that Missouri's CDL training providers receive accurate information on how to become an authorized CDL provider in Missouri. The project is ongoing, but our office has finalized a handout that FMSCA and other entities in the process can distribute to CDL training providers who contact them for assistance.

The Missouri Department of Higher Education and Workforce Development would like to know what other states are doing to ensure that the quality of a proprietary school application they receive is acceptable. Are there any states that have certain criteria that a school must meet before applying? If significant errors are discovered in the application, are there states that have any type of 'cooling off' period before a school can submit their application again?

Also, after becoming certified what actions do states take if schools are not performing well such as not maintaining a certain number of enrollments?

Proposed administrative rule would expand the Idaho State Board of Education's definition of "recognized accreditors" to include all institutional accreditors recognized by the USDOE (rather than just formerly-known-as-regional accreditors) for PS/PEI registration purposes only.
